Hi Rob,

Here is the RCRA Part A application you asked about. If you'd like to see the map that accompanied the application (but was too large to scan), you can arrange to see the hard copy with Sally Griffin in the records center.

Thanks,

Hi Scott

The attachments are for the Part A permit application. The documents are fuzzy to start with, so I hope you can get the information you need. The topo map was too big for the printer, so I could not include that with this email.

FYI – the current name of the company is Columbia Falls Aluminum Co. ID # MTD057561763

Good luck

Sally
